RESUME ÈVE BRODEUR

This off-season, I will be training hard at the gym and at school along with our yearly winter training down in Florida (if permitted with COVID restrictions) in order to prepare myself for the 2022 season.

I am a really dedicated women and when I set my mind on a goal, nothing will stop me.

All this training and travelling takes commitment and determination from the team, family and myself and we couldn't do this without both our long time and new partners.

More information can be found on the next few pages, as well as on my social media (links below) and my website, www.evebrodeur.com.

Thank you for taking the time to get to know a little about me, I'm 21 years old, 6 times Eastern Canadian Women's champion and 5 times Walton Canadian national Champion. I'm from Laval, Quebec, Canada. Along with my family and team, we have been around motocross and race tracks for the past two decades. I was literally raised at motocross tracks from all over Canada and the U.S. I started riding at the age of four and racing at five. I've always been racing both the men's and the women's classes.

The 2021 season was very successful for me, I competed in the 5 rounds of the Canadian Nationals and I won every moto and every overall along the way, as well as the Walton national. Locally, I ended up on the top step of the podium at every race I entered.

I am also very dedicated to school and have been an A+ grade student for years. I am presently in my 2nd year of my Bachelor/ Master in Occupational Therapy.

We are looking forward to representing
your organization in 2022!
